At the heart of the community: Loving God, Loving People

As a church we feel privileged to have the opportunity to meet at Rowheath Pavilion and manage these community facilities. A church is much more than just the building, it's the people within, the "Living Stones". Likewise a community is more than just a geographical area or a shared postcode, it's every person who lives and works there.

As a Christian church our community extends beyond the number of people meeting on a Sunday morning. It reaches across the parks, roads and schools in this area. It also includes every man, woman and child who comes into the Pavilion through the week. We believe that God is calling us to restore the community heart here at the Pavilion and to provide a place of welcome and sanctuary, sharing His security, love, forgiveness and healing in an increasingly frantic and distracted world.

Someone once described true evangelism as one beggar telling another where to get bread. I don't want to use this space for sermons or church words but rather just to tell you where to find bread if you're hungry.

May God bless you,

Paul Clarke

Shaped to serve...

In the most recent census over 70% of the UK population claimed to be Christians and yet church attendance has fallen by over 1 million people in the last decade. The world is changing and churches must recognise that and move out to meet the new needs of their communities. When Jesus washed the dusty feet of his disciples he was serving them in a relevant and necessary way. If you have a heart for serving God and blessing his people in this community let me encourage you to engage with his church and find a place where you can grow and serve. There are many churches in this area, expressing God's love in a variety of different ways. If you are interested in any of the work done at the Pavilion we would love to welcome you. Come along to any Sunday service or call Paul for an informal chat.
